

1. Which of the following are recommended for you to do as a TA?
  - (a) Admit if you don't know the answer to a question asked by a student, and clarify it the following week
  - (b) Get expectations clear from the instructor such as how much authority you have, whether you need to attend lectures, etc.
  - (c) Get to know the classroom logistics - location of the class, operations of the audio - visual facilities
  - (d) Spend the class time writing the answers to the problems on the board neatly so that the students can copy them

**Answer: (a), (b), (c)**

2. Which of the following is part of typical TA work at IIT Bombay?
  - (a) Revising the course syllabus
  - (b) Conduct and test experiments
  - (c) Create and solve assignments
  - (d) Prepare exam solutions

**Answer: (b), (c), (d)**

3. Before starting your laboratory TA duty it is very important for you to
  - (a) Know the safety rules
  - (b) Interact with the technical staff
  - (c) Prepare a grading scheme
  - (d) Conduct the experiment

**Answer: (a), (b), (c), (d)**

4. You prepared a grading plan for grading a particular tutorial and got it approved by the course instructor.. After you completed the grading for the entire class, you realised that the entire class has performed poorly in that tutorial. What are the appropriate follow-up actions in this scenario?
  - (a) I need to inform the course instructor about the poor performance of the entire class in the tutorial

- (b) It is a good idea to verify the model answers prepared
- (c) There is no action needed from my side as a TA, as it has been students' mistakes that they didn't put in sufficient effort to learn the tutorial content
- (d) Since the entire class has performed poorly, I can revise the grading plan and give extra grace marks uniformly to all the students to improve their grades

**Answer: (a), (b)**

5. What techniques were discussed to make crib sessions more effective?

- (a) Make your grading very lenient
- (b) Tell the students to stop complaining
- (c) Be calm and don't get agitated during the crib session
- (d) Have a clear and uniform grading scheme

**Answer: (c), (d)**
